

Turn your internet inside out.

Introducing the Clearwire

pc card.

It's the same high-speed internet you're used to at home, on the go.

True high-speed wireless internet you can take with you. Seriously fast, and completely portable.

The Clearwire pc card gives you the same high-speed internet you enjoy in your home or away from home anytime you want it. No logging on. No waiting to connect. No more searching for hot spots. Just high-speed internet that's faster than other leading wireless connections available. It's like Wi-Fi on steroids.

Faster

Enjoy wireless broadband that's up to 25 times faster than dial-up and faster than other leading wireless internet providers (EVDO and HSDPA).*

Portable

Get online when you're out and about, anywhere in our coverage area.

Simple

One 5-minute setup and you don't have to log in again.

What makes the pc card better?

Clearwire's network was designed specifically for the internet. That means no more settling for less-than-ideal performance. So whether you're uploading, downloading, streaming or searching, it's your personal connection to the web, with high-quality, high-speed internet on the go. Turn your internet inside out with the Clearwire pc card.
